STUDENT FUND

SUPPORT THE

EAGE STUDENT FUND

What is the EAGE Student Fund?

The EAGE Student Fund is a charity that funds activities that help bridge the gap between the university and the professional environment for geoscience and engineering students. In collaboration with the Student Affairs Committee, made up of representatives from major industry companies and universities, the Fund is part of EAGE's mission to provide access to the geoscience and engineering community on a global scale to broaden students' minds and create versatile, accomplished candidates for careers in geoscience and related industries.

EAGE Student Fund Board

We extend a warm greeting to you for delving into the world of the EAGE Student Fund. Behind the scenes, our Board members serve voluntarily, driven by their genuine passion for nurturing the next generation of geoscientists and engineers. It's important to highlight that they generously give of their time and expertise, without seeking any remuneration for their work.

As you embark on this journey with us, please bear in mind that every contribution you make directly impacts the dreams and aspirations of young geoscientists worldwide. Join us in creating a brighter future for these budding talents.

How can you support students?

It starts with a conversation!

Our EAGE Student Fund representative would be delighted to engage with you about your organization, your vision for the future and how your contribution can help shape of careers in geoscience and engineering.

What happens to your contribution to the EAGE Student Fund?

Every euro you spend goes towards supporting the activities of the Fund. In 2022 contributions to the Fund were divided between:

25%

GLOBAL STUDENT
ACTIVITIES

25%

STUDENTS SUPPORT

17%

ONLINE STUDENT
ACTIVITIES (EUROPE,
WEST, EAST)

10%

SPONSOR STUDENT
MEMBERS

11%

Why Donate?

This is an incredible opportunity for your company to make a meaningful contribution to the nurturing of a new generation of geoscientists and engineers. The EAGE Student Fund is a remarkable initiative dedicated to supporting students as they embark on their careers. By donating to the EAGE Student Fund, your company can play a vital role in fostering the next cohort of talented professionals in the industries we serve. Read on to discover some of the compelling reasons why your company should consider donating to the EAGE Student Fund.

How to donate?

or scan the QR-code on the left

Nurturing Talent

- Donate to geoscience and engineering early careers.
- Support education, research, and conference involvement.
- Cultivate industry-ready professionals.

Promoting Innovation

- Back innovation in geoscience and engineering.
- Inspire students to explore new ideas and conduct research.
- Drive the creation of industry-changing solutions.

How you benefit

- Showcases dedication to education and empowering youth.
- Elevates your company's standing and attracts top talent.
- Cultivates strong relationships with stakeholders, including clients, partners, and the community.

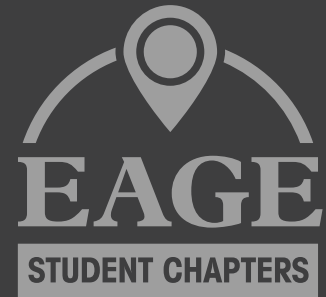

Long-Term Industry Growth

- Invest in student education for sustainable industry expansion.
- Contribute to developing a skilled workforce for the future.
- Influence the trajectory of your industry by offering opportunities and resources for talent to thrive.

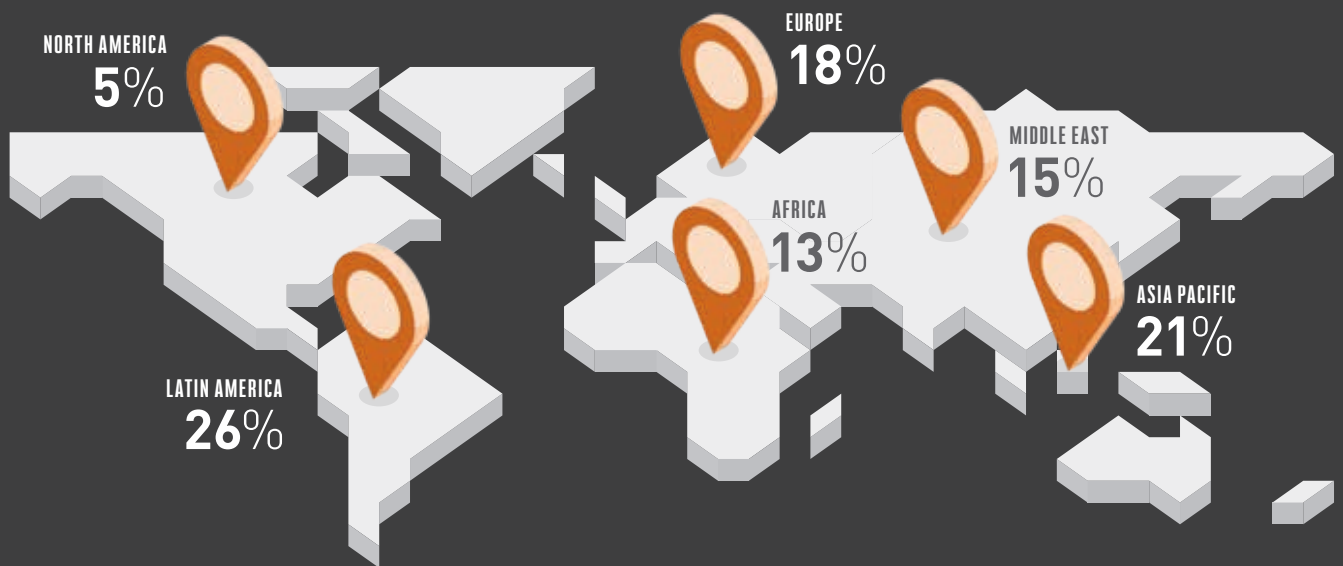

Student Chapters

The EAGE Student Chapters worldwide serve as hubs of activities for geoscience and engineering students to meet, exchange ideas and initiate activities under the EAGE umbrella. Our chapters play a crucial role in fostering a dynamic learning environment through a range of offerings.

EAGE Student Chapters in the World

Participation Percentage

A photograph of two young adults, a man and a woman, sitting at a table in what appears to be a meeting or study session. The man on the left has dreadlocks and is wearing glasses and a blue button-down shirt, smiling broadly. The woman on the right has curly hair, is wearing glasses and a brown sweater, and is also smiling. They are both looking towards the right side of the frame. The background is slightly blurred, showing a modern office or meeting space with large windows and a warm light fixture.

EAGE Students Activities

EAGE provides a platform for geoscience students to collaborate and stay informed through local and global events. We promote a global geoscience community by ensuring worldwide accessibility through online activities like webinars and discussions for students. EAGE places a strong emphasis on student development, offering mentorship, guidance, and ample resources to enrich academic and career prospects.

Laurie Dake Challenge

The Laurie Dake Challenge provides a contest for students from educational institutions worldwide to propose a development plan using a real world dataset. This prestigious challenge includes registration for competing teams to EAGE's Conference & Exhibition with a great prize for the winners.

Minus CO₂ Challenge

Minus CO₂ Challenge invites student teams worldwide to focus on topics related to climate change mitigation and reducing CO₂ emissions. It encourages students to collaborate on projects seeking to develop geoscientific and technological solutions to address the issue of global warming and promote more sustainable practices in the energy and geosciences industry.

Geo Quiz Online

Participating in the Online GeoQuiz is a great way to connect with fellow students and enhance their learning experience. It fosters engagement and interaction among participants interested in geology, geophysics, geotechnics, and other Earth science subjects. Teams with the three highest scores earn three complimentary registrations to the EAGE Annual Exhibition and Conference.

Geo Quiz Global

In this popular version of the Geo-Quiz students compete live at the EAGE Annual Conference & Exhibition. It is a fun event allowing teams to put learned knowledge and skills to the test and compete against fellow colleagues from all over the world.

“Receiving the Leon and Pat Thomsen scholarship has reinforced my commitment to academic excellence in my chosen field. Attending the Delft Summer School on Carbon Capture Utilization and Storage was an enlightening experience. I had the privilege of learning from inspiring speakers, engaging in thought-provoking discussions, and connecting with peers worldwide. I extend my sincere gratitude to the EAGE Student Fund for enabling this opportunity. Your dedication to supporting aspiring individuals like myself is truly commendable, and I hope many more will benefit from your generosity. To those who are reading this testimony, let curiosity be your compass, guiding you toward a future filled with learning, growth, and limitless possibilities.”

Shi Yuan Toh

EAGE Student Chapter President - Heriot-Watt University, UK

Student Webinars & E-summit:

EAGE provides Student Webinars, E-Summits, and exclusive online lectures that focus on contemporary geoscience topics. These events feature insights from industry experts and distinguished academics and are designed specifically for students. Attending these webinars and E-Summits gives students valuable knowledge about industry trends and fosters active discussions. It is also a valuable opportunity for students to enhance their knowledge and connect with industry professionals.

Student Chapters Meetings

The EAGE Students Community Manager and EAGE Student Chapters regularly organize Student Chapters Meetings. These gatherings aim to create a community among EAGE student members and provide a platform for them to share knowledge, experiences, and ideas on their chosen fields.

JOIN US IN MAKING A DIFFERENCE!

Your support can empower the next generation of geoscientists and engineers. Get involved today and help us nurture future talent by contributing to the EAGE Student Fund.

Our Fund representative would be delighted to chat with you about your organization, your vision for the future of the industry and how you can help shape the future of geoscience and engineering. Don't hesitate to contact us at info@eagestudentfund.org
